/ I have been thinking about the future of the world  
 and how it will be in the year 2000. I think  
 that the world will be a very different place  
 than it is now. I think that there will be  
 a lot of new inventions and discoveries  
 that will change the way we live. I think  
 that there will be a lot of new cities  
 and a lot of new people. I think that  
 the world will be a very exciting place  
 to live in. I think that the future is  
 very bright and very full of hope. I  
 think that we should all work together  
 to make the future a better place for  
 everyone. I think that we should all  
 try to be good and kind to each other.
